Cliff, Sarah and Darrell,

Arcadis sent the remediation RFP out for bid yesterday. Bids are due on April 6. We very much need a final Consent Decree before a bid can be accepted. Anything you can do to expedite the entry of the Consent Decree would be greatly appreciated. And, we still need EPA's final comments on the QA/QC plan. Thank you.

Subject: Entry of Wallace Yard Consent Decree and Contract

Importance: High

Cliff, Sarah and Darrell

Darrell, thanks for your note below. As you might expect, the Railroads are in the process of bidding/contracting for the work, and we very much need a final Consent Decree to keep this process moving forward. Anything you can do to push this along would be much appreciated. Also, the QA/QC plan is still in EPA's court. This needs to be an attachment to some of the contract documents.

In order to ensure that the Work is completed this construction season, we need to start the bidding process this month. Thanks.

Bob

Sarah, Darrell and Cliff,

Were any comments submitted during the comment period? If so, please send us a copy. Also, Darrell - When do you anticipate that the state will file its complaint in intervention? Thanks.

It had to be republished, but it is time to file the motion to enter, which we intend to do as soon as the state files its complaint in intervention.

Anyone know the status of the Consent Decree? It has been two months since the FedReg notice was published.
